

HAIR & MAKEUP PREP

Preview & Wedding Day

TIMING

Have everyone ready at the start time. The bride and whoever helps her into the dress go in the middle of the timeline, so everyone is done before the photographer arrives.

HAIR

Wash it 1 to 2 days before. Come with it clean and 100% dry. Wet hair is an extra charge.

SKIN

Come with a clean face and no makeup.

EXTENSIONS

Wash and fully dry clip-ins before the day, not fresh out of the pack.

INSPIRATION

Bring realistic photos of the looks you love.

ALLERGIES

Tell us about any product allergies before we start.
