START HERE

Open the Weddings app

The office texts you your own private link to the Taffeta Weddings app. It is your key to your weddings, your info and the payout form, so please don't share it.

1. Tap your link. It opens in Safari.
2. Tap the **Share** button, then **Add to Home Screen**.
3. Open it from the new icon. Tap the wreath to add your photo.

Tap a square under **Menu** to open it. **Add-Ons & Gratuity** has 2 pages inside, so they open right under it.

SQUARE

My Weddings

All your upcoming weddings. They update as soon as the office changes them. Tap a wedding to see its timeline: who is getting ready, when and with which artist.

The office sends a Google Calendar invite for each wedding. Tapping **Yes** on the invite is how you confirm.

Photos (new): under each wedding's timeline. See new inspo the bride sent the

office, and tap **Add Photos**, then **Trial & Look Photos**, to add yours from the trial. Photos from the bridal preview show up here on their own. Only the office and the artists on that wedding see them. They also show in a row under the times on your timeline and in the Team PDF, so you can zoom in. After the wedding, tap **Add Photos**, then **Wedding Day Photos & Videos**, to share your photos and videos from the day. They go straight to Alexandra and Dom, filed under that wedding in Marketing Proofs.

Job Offers

When the office offers you a wedding, it shows up here with the date, location, headcount, travel minimum and payout. Tap **Yes, I can** or **No**. The office confirms after you say yes.

ADD-ONS & GRATUITY SQUARE

Add-On Services

Did someone add a service on the wedding day? Show her the price list, then this code. She scans it to pay Taffeta Weddings.

- The **same-day price list** is at the top: Hair, Makeup (lashes included), Blow-Dry Only or Eyes Only are $170 each. Lashes Only $30. Extensions brought from home $20 & up (your call). Wet hair $50.
- Tap **Save or send price list** to text or save it as a picture.
- Tap **Pay with Venmo** to show the Venmo code.
- Tap **Card or Apple Pay** to show the card code.

Log an Add-On (under the codes): log every add-on so the office knows who owed what.

- Tap the service. The price fills in. Change the amount if you need to.
- Type the **guest's first name** and the **bride's name**.
- Tap **Paid Venmo**, **Paid Card** or **Not Paid Yet**.
- Not paid yet? It stays under **Logged Today**. Tap **Mark Paid** once she pays.

GOOD TO KNOW

Add-on money goes to Taffeta Weddings. Tips go to you on the Gratuity page.

Gratuity and My Card

Gratuity: each bridesmaid can tip you straight to your own Venmo.

1. Add your Venmo username on **My Profile** (the @ name, no spaces).
2. Type her **Service total**. The code fills in a 20% tip. ($150 makes a $30 tip.)
3. Turn your brightness up. She points her camera at the code and Venmo opens.

My Card: your own thank-you card for the bride and her party. It has 5 stars they can tap to leave a Taffeta Weddings Google review. They can scan the code, or you can tap **Share my card** and AirDrop it. She taps **Accept** and it opens.

Artists who also work in our salon get a box on their card about their salon services, a booking button and **$20 off** the next salon visit (good for 3 months). See a sample card.

Get Paid

Send a payout request by the Monday after each event. You don't need one for previews.

1. Fill in the bride's name, event date, type, location and the services you did.
2. Add any travel payout and your total.
3. Tap **Send to payroll**. Payroll's form opens with your answers filled in.
4. Check **Record my email** and tap **Submit**.

My sent requests shows what you sent.

My Profile

Your legal name, the name you go by, phone, address, hair or makeup, Instagram, **Venmo username** (for your tip code), travel areas, availability and emergency contact. Tap **Save my info**. Only you and the office see it.

GOOD TO KNOW

Never enter your Social Security number here.

Phone alerts: get a sound when the office offers you a job or changes your wedding. Add the app to your Home Screen first, open it from there, then tap **Turn on alerts**.
