Home Care

After her service, send her home with a simple routine. The front desk texts her a Taffeta PDF of it.

1. Type her name and today's service.
2. Search or tap the products you recommend. They show up below with how and when to use them.
3. Change the how-to words for her if you like.
4. Add aftercare notes, a short note from you and when she should come back.

5 Tap **Preview PDF** to see it.

6 Tap **Save & send to desk**. The desk texts it to her and marks it sent.

Her PDF has 5 stars she can tap to leave us a Google review. The stars only work in the PDF that gets texted, not in a screenshot.
